J. H. WALKER,
Designer and Engraver on Wood,
 132 ST. JAMES STREET, MONTREAL.

To send Specimens of Work (often not authentic), and solicit orders, is the modern mode of doing business. My long business reputation in Montreal for first-class work, is a sufficient guarantee that perfect satisfaction will be given.

It has been said that any kind of work will pass in Montreal, and certainly examples can be seen showing a lack of the Art knowledge necessary for the production of correct drawing; even Transfer work (the re-engraving of cuts) loses its merit when not handled properly.

Illustrated circulars and books from the United States and Dominion of Canada are freely circulated, all promising to furnish the best work at the lowest rates. I will undertake to give work as good as some of the specimens shown, and better than others, at the same cost and sometimes less.

It has become necessary to make use of *Tinting Machines* in portions of mechanical work. I have obtained one of the very latest of these, also a *Routing Machine*, and all facilities necessary for the execution of first-class work.

Orders for all kinds of Drawing, Photographing and Engraving on Wood, and Color Work on Metal, respectfully solicited.

LAPRAIRIE.

An extensive municipal village and parish of the south shore of the River St. Lawrence between the Lachine rapids and Victoria bridge, district of Montreal, seigniorly and county of the same name. Incorporated March 30, 1846. The parish was erected on the 17th November, 1870. A market is open every day. An aqueduct is constructed. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of New York, to reach the Victoria bridge, now runs twice a day in close proximity to the village, with a good station and depot, and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus, such as a fire engine and hook and ladders. Fishing and hunting is also largely practised. A new billiard room has been organized. A permanent wharf has been erected, and will be much improved during the present summer. A new channel is also talked of. The aqueduct is now giving a very good service to the village, and the work of putting up pipes it being done very rapidly in the different streets. The pressure of water in case of fires is also very powerful, as the water is drawn by steam and air pressure, which brings it at a distance of 1,350 feet, from the St. Lawrence river. The premiums upon insurances has also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North Western Telegraph Company has an office here. Distant from Montreal, 9 miles, fare 15 cts.; from St. Johns 18 miles. Mail daily. Population of villages about 1,800; of parish 2,200.

ST LAMBERT.*

A village on the south shore of the river St.
Lawrence, between Longueuil and La-
prairie, directly opposite Montreal, partly
in the seignior of Laprairie, partly in the
barony of Longueuil, parish of Longueuil,
county of Chambly, district of Montreal.
There is here a station of the Grand Trunk
railway, with branch to St. Johns and
Rouses Point, situated at the east end of
the Victoria bridge. The terminus of the
Champlain, Shefford and Chambly railway
is located here. From the favorable situ-
ation of this village, and its excellent means
of communication, at all seasons, with
Montreal and the neighboring places, it
promises to become the centre of consider-
able business. Montreal, Dominion and
Great North Western Telegraph Co. has an
office here. Communication is had with

Montreal by Grand Trunk Railway mail trains, and also by Suburban trains, which make 6 trips daily, fare 20c. return tickets. Distant from Montreal by rail 6 miles, fare 25c. Mail daily. Population about 700.

* Also called South Montreal.

TOWN OF ST. HENRY.

(Incorporated in 1876.)

An incorporated town, adjoining the City limit of Montreal, and formed by the amalgamation of the former villages of Tannery West and Coteau St. Augustin. The Town of St. Henry is situated in the seigniory of Montreal, county of Hochelaga and district of Montreal. The Lachine canal passes on the south side, and signal stations of the Grand Trunk Railway are situated here at the junctions where the roads branch off east and west, and to Montreal and Lachine. The Grand Trunk Railway Co., with the aid of the Council of the Town, has erected a splendid station, at the curve, near the St. Joseph street bridge. The municipality of St. Henry is governed by a Mayor and Corporation, and a separate permanent Fire and Police force is maintained. The town contains a new Roman Catholic college and convent, church and presbytery, and several important industries, amongst others two, extensive tanneries, boot and shoe factories brick yards, the C. W. Williams Manufacturing Co., employing 600 hands, a cotton manufacturing Co., one of the finest in the Dominion, and a public Abattoir and stock yard Co. The Council has built a very fine Town Hall, Fire and Police station at the corner of St. Henry and St. Bonaventure streets, at the cost of \$25,000. Building is being prosecuted briskly, and the town bids fair to rise into some importance, having Fire and Police system of alarm telegraph. The town is now lighted by gas and oil lamps. Distance from Bonaventure depot 2½ miles, from Lachine 6 miles. Population about 10,500.

All who desire to obtain better personal knowledge of the necessity for such institutions, their practical benefit to the sick poor, and their claims on the liberality of our citizens, are

invited to visit the Dispensary during the Physicians' visiting hours on any day (except Sunday) and judge for themselves.

This institution furnishes medical and surgical aid and medicines to the sick poor of every nationality and religion in Montreal.

The attending physicians visit at their own homes those who are unable to come to the Dispensary and too poor to pay.

In restoring to health, it restores to many their only means of support, and thus prevents poverty, pauperism and crime.

It is dependent, chiefly, upon voluntary contributions for its support.
